THE NEW MEXICO NATURAL RESOURCES
TRUSTEE AND NEW MEXICO OFFICE
OF NATURAL RESOURCES TRUSTEE

Plaintiffs,

v.

Civil Action No. 1:20-CV-01338-KRS-SCY

FRONK OIL COMPANY, Inc.
a Texas Corporation

Defendants

CONSENT DECREE

This Consent Decree is made and entered into by and among (i) the New Mexico Natural Resources Trustee and the New Mexico Office of Natural Resources Trustee (collectively “the Plaintiffs”), (ii) Fronk Oil Company, Inc., a Texas corporation (“Fronk Oil” or “Defendant”).

WHEREAS, the Plaintiffs have filed a complaint in this action, asserting claims under Section 1002 of the federal Oil Pollution Act, as amended (“OPA”), 33 U.S.C. § 2702 et seq., and the New Mexico Natural Resources Trustee Act, N.M. Stat. Ann. Section 75-7-1 through -5 (1978). The complaint alleges that: (i) on December 27, 2016, a Fronk Oil tanker truck carrying petroleum products was involved in an accident approximately 5 miles east of Eagle Nest, New Mexico, causing a release of approximately 1,100 gallons of unleaded gasoline and diesel fuel into the Cimarron River located in the Colin Neblett Wildlife Management Area of the Cimarron Canyon State Park, (ii) the release resulted in injuries to, destruction of, loss of, and/or loss of use of natural resources belonging to, managed by, held in trust by, appertaining to, or otherwise

controlled by the State, (iii) Defendant is liable without limitation for natural resource damages for such injuries, destruction and losses, including Natural Resource Damage Assessment Costs, under OPA.

WHEREAS, Fronk Oil has conducted a cleanup of the spill pursuant to the New Mexico Water Quality Act, N.M. Stat. Ann. Sections 74-6-1 – 74-6-17 (1978) under the oversight of the New Mexico Environment Department (NMED) Surface Water Quality Bureau and in accordance with a Clean Water Act Section 404 Nationwide Permit Number 38 issued by the U.S. Army Corps of Engineers. The clean-up effort involved the removal of contaminated soils and sediment and was closed by letter of the NMED dated December 4, 2017. (Exh. A). The cost of the clean-up —\$301,841.29 – was borne by Fronk Oil.

WHEREAS, the Parties have negotiated at arm's length in good faith and have agreed, based on recognized methods of estimating natural resource damages using reasonably conservative assumptions, that \$150,000 represents fair and reasonable compensation for damages in this case, including primary and compensatory restoration.

WHEREAS, the Plaintiffs believe the settlement is adequate in the judgment of the Trustee to satisfy the goals of the OPA and is fair, reasonable, and in the public interest, with particular consideration of the adequacy of the settlement to restore, replace, rehabilitate, or acquire the equivalent of the injured natural resources and services.

WHEREAS, the Parties agree that settlement of this matter without further litigation is in the public interest and that the entry of this Consent Decree is the most appropriate means of resolving this action.

WHEREAS, the Plaintiffs intends to issue for public comment a Draft Restoration Plan for the Cimarron River December 2016 Oil Spill, as provided for under Title 15 C.F.R. §990.55, and will invite public comment on the draft plan,

WHEREAS, by entering into this Consent Decree, Defendant does not admit the allegations in the complaint filed in this action.

WHEREAS, pursuant to N.M. Stat. Ann. Section 75-7-3 (c) the attorney general shall provide legal counsel and representation to the natural resources trustee and the office of the natural resources trustee.

WHEREAS, the Parties agree, and by entering this Consent Decree the Court finds, that this Consent Decree: (1) has been negotiated by the Parties at arm's length, in good faith, (2) will avoid prolonged litigation among the Parties; and (3) is fair, reasonable, and furthers the objectives of the Oil Pollution Act;

THEREFORE, it is ORDERED, ADJUDGED, and DECREED as follows:
